

# Technology Accessibility Statement

## Introduction

At **Kit Carson County**, we are committed to ensuring that our digital content is accessible to everyone, regardless of their abilities. We strive to meet or exceed the **Web Content Accessibility Guidelines (WCAG) 2.1**, which provide recommendations for making web content more accessible.

## Our Approach

1. **Design and Development:**
  - Our development team follows best practices to create accessible code and designs.
  - We use semantic HTML, ARIA (Accessible Rich Internet Applications) roles, and other techniques to enhance accessibility.
  - Our website is responsive and works well across different devices and screen sizes.
2. **Navigation and Usability:**
  - We provide clear and consistent navigation throughout the site.
3. **Content Accessibility:**
  - We ensure that all images have descriptive alt text.
  - Videos include captions and transcripts.
  - Color contrast meets WCAG standards.
4. **Forms and Interactivity:**
  - Forms are labeled appropriately.
  - Error messages are clear and concise.
  - Interactive elements (buttons, links, etc.) are keyboard accessible.
5. **Assistive Technologies:**
  - Our site is compatible with screen readers, voice recognition software, and other assistive technologies.
  - We regularly test our content using various tools and assistive devices.
