### EXECUTIVE ORDER

#### **Amending, Restating, and Extending Executive Orders D 2020 038, D 2020 063, D 2020 097, and D 2020 131 Ordering the Temporary Suspension of Certain Statutes and Rules to Expand the Healthcare Workforce for Hospitals and Other Inpatient Treatment Facilities Due to the Presence of COVID-19**

Pursuant to the authority vested in the Governor of the State of Colorado and, in particular, pursuant to Article IV, Section 2 of the Colorado Constitution and the relevant portions of the Colorado Disaster Emergency Act, C.R.S. § 24-33.5-701, *et seq.*, I, Jared Polis, Governor of the State of Colorado, hereby issue this Executive Order amending, restating, and extending Executive Orders D 2020 038, D 2020 063, D 2020 097, and D 2020 131, ordering the temporary suspension of certain statutes and rules to expand the healthcare workforce for hospitals and other inpatient treatment facilities due to the presence of coronavirus disease 2019 (COVID-19) in Colorado.

#### **I. Background and Purpose**

On March 5, 2020, the Colorado Department of Public Health and Environment's (CDPHE) public health laboratory confirmed the first presumptive positive COVID-19 test result in Colorado. Since then, the number of confirmed cases has continued to climb, and we have evidence of widespread community spread throughout the State. I verbally declared a disaster emergency on March 10, 2020, and on March 11, 2020, I issued the corresponding Executive Order D 2020 003, as amended by Executive Orders D 2020 018, D 2020 032, D 2020 058, D 2020 076, D 2020 109, D 2020 125, and D 2020 152. On March 25, 2020, I requested that the President of the United States declare a Major Disaster for the State of Colorado, pursuant to the Stafford Act. The President approved that request on March 28, 2020.

My administration, along with other State, local, and federal authorities, has undertaken a wide array of actions to respond to and mitigate the effects of the pandemic, prevent further spread, preserve our health care resources, and provide needed flexibility to address the collateral consequences of the pandemic.

This Executive Order amends, restates, and extends Executive Orders D 2020 038, D 2020 063, D 2020 097, and D 2020 131 for an additional thirty (30) days, and clarifies language regarding the suspension of certain emergency rulemaking authorities to ensure that inpatient healthcare facilities have sufficient resources and personnel to treat patients suffering from COVID-19.
