
Colorado Registered Service Company List

Please Note: The following is a list of Colorado Registered Service Companies who are registered as of the date of this report and are approved to perform sales, installation or repair on certain types of radiation machines as indicated by the "Approved Service Specialties". Please note that installation or service of mammography units requires a specific "Mammography" approval. Facilities with radiation machines are required to use Colorado-registered service companies to install, service or purchase radiation machines. Failure to use a registered Service Company could significantly delay the registration and certification of your machine.
